5. Subject to the approval of Ordinary Resolution No. 6, the share awards will be granted to all Non-Executive Directors on 1 May 2022 as part of their Directors' fees. The share awards are subject to vesting conditions, being that approximately one-third of the share awards will be vested after 2 years from date of grant and the remaining approximately two-third of the share awards will be vested after 3 years from date of grant. The actual number of shares to be awarded will be determined by reference to the average closing price of shares for 5 consecutive market days immediately prior to the date of award.
6. Ordinary Resolution No. 8 proposed in Item 10 above, if passed, will empower the Directors from the date of the above Meeting until the date of the next AGM, to allot and issue shares and convertible securities in the Company. The aggregate number of shares (including any shares issued pursuant to the convertible securities) which the Directors may allot and issue under this Resolution will not exceed fifty per cent. (50%) of the Company's total number of issued shares excluding treasury shares and subsidiary holdings of the Company. For issues of shares other than on a *pro rata* basis to all shareholders, the aggregate number of shares to be issued will not exceed twenty per cent. (20%) of Company's total number of issued shares excluding treasury shares and subsidiary holdings of the Company. This authority will, unless previously revoked or varied at a general meeting, expire at the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier. However, notwithstanding the cessation of this authority, the Directors are empowered to issue shares pursuant to any Instrument made or granted under this authority.
7. Ordinary Resolution No. 9 proposed in Item 11 above, if passed, will empower the Directors to grant share options equivalent to \$250,000 to Mr Lim Chung Chun based on the terms set out in Item 11 which is in accordance with the terms of the Service Agreement dated 1 January 2021.

Pursuant to the terms of the Service Agreement dated 1 January 2021, Mr Lim Chung Chun is entitled to a Long-term Incentive of share options to the fair value of \$250,000 to be vested in accordance with the staff performance shares/options vesting period.

The number of share options to be granted to him will be capped at 0.5% of the number of issued shares (excluding treasury shares and subsidiary holdings) of the Company at the date of grant.

Specific approval has been sought and obtained for Mr Lim Chung Chun's participation in the iFAST ESOS at the extraordinary general meeting held on 21 October 2014. A separate resolution must be passed by ordinary resolution to approve the actual number and terms of share options to be granted to Mr Lim Chung Chun, who is the Executive Chairman and CEO and also a Controlling Shareholder of the Company.

If this resolution is not approved, \$250,000 will be awarded in cash pursuant to the terms of the Service Agreement dated 1 January 2021.

The following estimation for the number of share options to be granted is solely for illustrative purposes. The actual number of share options to be granted and the assumptions to be used for the calculation of the actual number of share options to be granted may change at the date of grant on 1 May 2022.

# Notice of Annual General Meeting

Assuming that the date of grant of share options is 7 March 2022, the estimated number of share options to be granted is measured based on the Binomial Model with the following assumptions:

- The average closing price of shares for five (5) consecutive market days immediately preceding the date of grant of share options is \$6.088;
- The exercise price is \$6.392;
- The validity period of the share options is ten (10) years from the date of grant of such options; and
- The expected volatility is based on the one-year historic volatility of the Company's share price, adjusted for any expected changes to future volatility.

**Solely for illustrative purposes**, based on the fair value of share options calculated using the Binomial Model with the above assumptions, the estimated number of share options to be granted to Mr Lim Chung Chun is 147,400.

8. The Ordinary Resolution No. 10 proposed in Item 12 is to give the Company the flexibility to undertake buy backs of the Shares at any time, subject to market conditions, during the period when the Share Buy Back Mandate is in force, subject to the conditions set out in the Ordinary Resolution No. 10.

The Company intends to use internal resources or external borrowings or a combination of both to finance the purchase or acquisition of its Shares. The amount of financing required for the Company to purchase or acquire its Shares, and the impact on the Company's financial position cannot be ascertained as at the date of this Notice as these will depend on the number of Shares purchased or acquired, whether the purchase or acquisition is made out of capital or profits, the price at which such Shares were purchased or acquired and whether the Shares purchased or acquired are held in treasury or cancelled.

Based on the issued share capital of the Company comprised 293,076,913 Shares of which 195,600 Shares that are held in treasury as at 7 March 2022 ("Latest Practicable Date"), and assuming that no further Shares are issued on or prior to the AGM, not more than 29,288,131 Shares (representing 10% of the Shares in issue as at that date (excluding treasury shares and subsidiary holdings)) may be purchased or acquired by the Company pursuant to the proposed Share Buy Back Mandate. However, pursuant to Section 76(1) of the Companies Act, the Company can only hold 10% of its Shares (being 29,307,691 Shares) in treasury. Therefore, even though the Share Buy Back Mandate provides for potentially up to 29,288,131 Shares to be purchased or acquired by the Company, the maximum number of Shares that the Company can purchase or acquire and hold in treasury is 29,112,091 Shares.

In the case of Market Purchases by the Company and assuming that the Company purchases or acquires 29,112,091 Shares at the Maximum Price of \$6.39 for each Share (being the price equivalent to 105% of the Average Closing Price of the Shares for the five (5) consecutive Market Days on which the Shares were traded on the SGX-Mainboard immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 29,112,091 Shares is approximately \$186.0 million.

In the case of Off-Market Purchases by the Company and assuming that the Company purchases or acquires 29,112,091 Shares at the Maximum Price of \$6.70 for each Share (being the price equivalent to 110% of the Average Closing Price of the Shares for the five (5) consecutive Market Days on which the Shares were traded on the Official List of the SGX-ST immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 29,112,091 Shares is approximately \$195.1 million.

The financial effects of the purchase or acquisition of the Shares by the Company pursuant to the proposed renewal of the Share Buy Back Mandate on the audited financial statements for the financial year ended 31 December 2021 based on these assumptions are set out in paragraph 2.7 of the Appendix to Shareholders dated 1 April 2022 included in the Company's Annual Report.

A Share Buy Back at the appropriate price level is one of the ways through which the return on equity of the Group may be enhanced. Further, amongst others, a Share Buy Back provides the Company with a mechanism to facilitate the return of surplus cash over and above its ordinary capital requirements in an expedient and cost-efficient manner. The Directors also expect that Share Buy Backs may also help mitigate against short term volatility of share price, offset the effects of short term speculation and bolster Shareholders' confidence. Share Buy Backs will also allow the Directors greater control over the Company's share capital structure, dividend payout and cash reserves.

The buyback of Shares may, depending on market conditions and funding arrangements at the time, lead to an enhancement of the EPS and/or NAV per Share of the Company and the Group, and will only be made when the Directors believe that such buyback would benefit the Company and its Shareholders.

Shareholders should note that purchases or acquisitions of Shares pursuant to the Share Buy Back Mandate via on-market purchases or off-market purchases will only be made when the Directors believe that such purchases or acquisitions would be made in circumstances which would not have a material adverse effect on the financial position of the Company. Please refer to the Appendix to Shareholders dated 1 April 2022 included in the Company's Annual Report for details.

For the foregoing reasons, the Directors seek to renew the Share Buy Back Mandate, which was approved by Shareholders at the Extraordinary General Meeting held on 21 October 2014 and last renewed at the AGM held on 23 April 2021.
